JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

the same length of time ever produced more men of action of that stamp in which Plutarch delighted so much.

THE ORIENTAL REPUBLIC OF URUGUAY AT THE WORLD'S COLUMBIAN EXHIBITION, CHICAGO, 1893.—Montevideo, 1893.

This account of the climate, geographical features, and resources of the Republic of Uruguay was prepared for the Columbian Exhibition, and contains a great variety of information which is highly interesting to the student and general reader. Accompanying it, is an excellent map of the Republic. We are indebted to Mr. George A. Barksdale, the vice-consul of Uruguay, for Richmond, for a copy of this valuable pamphlet.
